

HIGH WATER & BREWING

Built To Last

Barrel Aged Dark Specialty Ale

Built To Last is a marriage of several dark specialty Ales that were aged nine months to four years in fresh and used Bourbon barrels. It is an easy drinking, beautifully balanced beer. It pours a rich mahogany color with sweet earthy notes and dried plum on the nose. Cocoa, leather and dark brown sugar mingle on the palate and then rounds out with a slight bracing note from the barrels for a dry finish. Layers of flavor unfold with every sip. Built To Last is a well structured beer which may be cellared, but no reason to wait when it is so easy to enjoy now.

9.7 ABV 45 IBU

Available in 22 oz, 15.5 gal and 5 gal
